

Game Speed Ball Control Drills

Anne Kordes, KIVA

Two and three-person ball control drills. These drills are designed to be player run for those of you with a limited coaching staff. It's important to make sure the player or tosser running the drill understands the tempo for the drill so the player in the drill can receive a maximum number of touches.

Keys to ball control drills

1. Proper technique: move feet through ball, limit swing
2. Good toss; keep the drill at a good tempo
3. Repetition: opportunity to practice correct movement over and over
4. Always moving, never stopping, never standing
5. Face the play, be ready to play the next ball

The goals for ball control drills

1. Maximize touches on the ball
2. Get your feet moving through the ball
3. Fight to keep your hip facing the court
4. Work your platform
5. Get your players moving at game speed
