**Springs Valley High School, Head Coach: Erin Carnes**

**Parents:** Jamais and Jason Nottger

**Are you playing college volleyball?** Yes, Lincoln Trail

**Who is your hero and why?**

My forever hero is my grandfather, Duane Nottger. He was a retired Navy Veteran who recently passed away at the age of 88. He enlisted at the age of 17 and served our country for over 28 years. What makes him even more special is that he spent so much time defending our country without hesitation. He was such a proud Veteran. When someone thanked him for his service, he always responded with "I did it for you" and he meant it to his core. He was the foundation of my family and someone I will always admire and revere. I will forever be thankful for his sacrifice and for being the best Grandpa you could imagine

### Alexa Stiff

North Putnam High School, Head Coach: Jenny Heron

Parents: Blake and Carrie Stiff

Are you playing college volleyball? Yes, Saint Mary-of-the-Woods College

Who is your hero and why?

A hero is defined as someone that is admired, idealized for courage, outstanding achievements, or noble qualities, that person for me is my mother. She is the hardest worker I know. She holds herself to a very high standard, and the integrity, empathy, and determination she carries within herself is unreal. She has truly inspired me. She has always been my biggest supporter and best friend, pushing me and holding me accountable everyday to achieve the goals I have always dreamed of.

What is your favorite volleyball memory?

Attending the Ohio State volleyball team camp this past summer, growing as a team and spending a whole week together playing volleyball! Our bond and friendships we created that week truly produced an amazing chemistry we carried with us for the rest of the season! I will never forget it!

Who is your hero and why?

My lifting and weights coach, Scott Padgett, because he has pushed me to be a better athlete and a better person. I will be forever grateful to Scott Padgett and the lasting effect he has had on my life these past four years at Linton Stockton High School as a role model.

**Are you playing college volleyball?** Yes, DePauw University

**Who is your hero and why?**

My mom is my hero. She is one of the strongest people I know. She held her head high when some people would've crumbled. She never gave up when the world tore her down. She pursued her dreams when most people would've quit. My mom has been there for me through the hardest times of my life. I aspire to be the woman she is. She has taught me to never settle and always stand up for what I believe in. She has pushed me to become the player and person I am today. My mom is the reason for my competitiveness and drive to better myself. I wouldn't be where I am today if it wasn't for my mom.

**What is your favorite volleyball memory?**

My favorite high school memory is when I got my 1000th kill and all my teammates hugged me and the crowd was just as excited as my team was. I would not have attained this goal without my teammates, my coaches, my family, and the fans. Although it was a personal goal, I know that many contributed in my efforts to reach it, and I will never forget that.

**What are your plans after high school? Are you playing college volleyball?** Yes, Purdue Northwest

**Who is your hero and why?**

My hero is my mom. She has always been there for me, which is her job, but for me she does everything she can to make sure I succeed, but most of all she makes sure I am happy. During my toughest season of volleyball, I ever played. She kept me going with her goofy jokes and thoughts about the future. She is one of a kind. She is my mom, legal guardian, and best friend all in one.

**What is your favorite volleyball memory?**

My favorite memory from high school volleyball was my freshman year during summer training before school started. I was a very quiet freshman who was honestly very socially awkward. We were playing beach volleyball and taking a break and out of nowhere the varsity team called my name and told me to come sit with them. I was so confused that they even knew my name. We started talking and non-stop laughter would not stop coming out of us. Looking at these girls now they helped shape me as a person and a player. To see them playing volleyball still inspired me to continue and be like them. They are now my best friends and will always be able to talk to them no matter what.

**Penn High School, Head Coach Kaitlyn Hickey**

**Are you playing college volleyball?** Yes, Undecided

**Who is your hero and why?**

A hero to me would be my sister. While she is younger it is just so amazing to see that not only as I have advanced as a player so has she. She really pushes me to work harder and it's neat to see how while she looks up to me as an older sister I also look up to her even though she is younger. She also plays volleyball and anytime we get to travel to a tournament together, it is always so much fun. We push each other to do the best we can and to be a leader on our teams making our teammates work harder and get the win. Some would question how a younger sibling could be a hero but anyone who were to meet my sister Dottie would understand. She is a fantastic leader and one of the most caring and encouraging people that I know. I'm so thankful for the relationship that I have with her and will have with her for the rest of my life.

**What is your favorite volleyball memory?**

In my senior year, we were able to win our conference which we had not done previously in my junior year. It was really fun to come together as a team during those last few conference games and come out with a win.

**Who is your hero and why?**

My hero is my Nana. Growing up I looked up to my nana. She had a terrible childhood. Her parents were abusive alcoholics and she had 4 siblings. My nana being the eldest had to have the responsibility of raising her siblings since her parents couldn't. Once her parents died, she still raised her siblings as if they were her own children. My nana raised a beautiful family with her husband, my papa. Having two kids who raised my nana's grandchildren: me, my siblings, and my cousins. Her grandchildren were her favorite people. About a month ago my nana passed away, but reminiscing on all the good memories she made sure we had is just amazing. She didn't let her horrible childhood get to her, her goal in life was to make sure her friends and family have a good life. My nana is my hero.

**What is your favorite volleyball memory?**

My favorite memory was hitting my 1000 assists. Every single parent in the stands and players on my team knew he point I would get my 1000 assists. I was the only one oblivious to this. As my middle/best friend subs into the game she comes up to me, grabs me, stares into my eyes, and tells me, "Set me now Lilly". I assumed she just really wanted the ball. So, I set her the ball and she puts it away. Right when the ball hits the ground she turns around and points and scream at me, "That was your 1000th assist!" The whole gym erupts in cheers and everyone one of my teammates on and off the court run up and hug me. It felt so amazing.

I am proud that I get to call her my mom and my hero.

### **Kamryn Lynn Utley**

**5'8 Setter**

**Cathedral High School, Head Coach: Coach Karrie Quenichet**

**Parents:** Lynn and Marvin Utley

**Are you playing college volleyball?** Yes, Lehigh University

**Who is your hero and why?**

My heroes are all the younger kids I coach and mentor. I've picked up coaching this past year and I've found such a passion in combining the mechanics of the sport, with the abstract thinking volleyball offers. Combine that with my genuine love of connecting with the youth and you've got a world of fun and thankfulness offered to me through coaching. I was honored to see many of the kids I've coached this past year at my senior night, and as one can imagine it brought tears to my eyes, and so much joy to my heart. One girl even spent money for a shirt that says "Kamryn's Biggest Fan" and it had me in such awe. It is amazing that they believe I'm their role model and hero but it is truly them that gives me a sense of purpose, reason and fulfillment.

**What is your favorite volleyball memory?**

My entire senior year was nothing short of an amazing ride. Although I am an insane competitor, I wanted to leave the younger group with a message. I wanted them to know that they have to work to understand the game in order to execute the best they can. My favorite moments took place when I was able to have one on one, or two on one conversations with the underclassmen and explain to them their skill is only limited if their passion is. It wasn't necessary a win or a dance party, but there was comfort in knowing I could help them with their volleyball journey.
